## STREET SCOOP II\*

Here's the sequel to The Original Street Scoop...A shorter version, only 14 1/2" long, a full 5 1/2" shorter than The Original Street Scoop! Ideal for V6 and V8 engines.

Like its predecessor, Street Scoop II is a precision cast-aluminum unit that is fully machined and polished to a high luster. It features three large diameter red anodized butterflies that operate off the carburetor linkage.

#6658 is designed to fit single 4-bbl carburetors with a 5 1/8" diameter neck. Included is a low profile, 7/8" high stamped steel mounting plate and a 4" tall cast aluminum mounting flange for through-the-hood applications.

Street Scoop II's are complete with filter element, butterfly assembly and all necessary hardware.

## THE ORIGINAL STREET SCOOP\*

Gives the competition look of fuel injection scoops, popular on today's Top Fuel and Funny Cars. Designed to bolt-on most stock and tunnel ram manifolds and superchargers that use two inline 4-bbl. carbs. with 5 1/8" Dia. necks and 7 3/4" to 9 1/4" center line spacing. Also fits single 4-bbl. carbs.

The Original Street Scoop is a precision cast-aluminum unit that is fully machined and polished to a high luster. The three large diameter butterflies are red anodized and operate off the carburetor linkage.

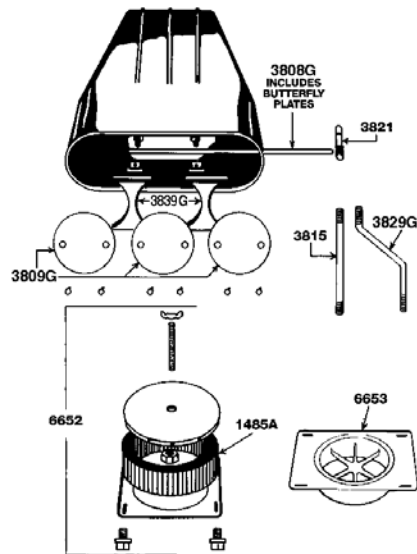

Street Scoops are complete with air cleaner(s), butterfly assembly and all necessary hardware.

Fits most two 4-bbl. carb. set ups ..... **6650**

## HILBORN STYLE AIR SCOOPS\*

These authentically styled air scoops are made from high quality aluminum castings and are available to fit single and dual carb applications using carburetor's with 5-1/8" diameter necks. The dual carb scoop features an adjustable base to fit carburetor's with 7-5/8" to 9-1/4" center line spacing. Beautifully polished to a high luster, these scoops come with a chrome plated inlet screen and bezel and are complete with all necessary mounting hardware. Use replaceable paper filter elements.

## STREET SCOOP CONVERSION KITS\*

Mr. Gasket now offers two conversion kits to convert the popular, award winning Street Scoops from one 4-bbl. to two 4-bbl. carburetion and vice versa.

Each kit includes all the necessary components (except carburetors and intake manifolds) needed to make the desired conversion.

The one 4-bbl. to two 4-bbl. kit includes: air cleaner top, filter element, mounting flange, throttle linkage, miscellaneous hardware as required.

Converts part no. 6651 scoop to 6650 specifications ....**6652**

The two 4-bbl. kit includes: cast aluminum mounting flange, throttle linkage rod, carburetor stud.

Converts part no. 6650 scoop to 6651 specifications ....**6653**

## AIR CLEANER VELOCITY STACKS\*

### EXPRESS PRODUCTS

Mr. Gasket incorporates the best features of velocity stack engineering into this streamlined air cleaner.

Universal High Rise fits 5 1/8" dia. carb. neck

4 1/2" high, 8 3/8" diameter at top, polished aluminum.....**2085**

## VELOCITY STACK\*

Pull in air and increase horsepower. These highly polished, aluminum velocity stacks increase carburetor intake speed and capacity. Fits Holley carbs. with 5 1/8" neck diameter.

High Rise polished aluminum 5" high, 8 1/2" diameter at top .....**46**

## PERFORMANCE INDUCTION STACK\*

Made to increase engine performance by improving the airflow in the carburetor, this Performance Induction Stack is designed to simply bolt on to most Holley 4 bbl. carburetors and provide a real performance boost. It can be used alone or in conjunction with most air cleaners, provided there is adequate (2" min.) clearance between the stack and the air cleaner top. Tests with a 780 Holley carburetor have shown this unit to increase airflow by up to 5% over competitive products. The Performance Induction Stack is made from durable, heat resistant/flame retardant black plastic and is ideal for use on the race track as well as on the street. Not for use with spreadbore carburetors.

## AIR CLEANER ADAPTER AND RISER KIT

### EXPRESS PRODUCTS

This 4 piece kit includes two air cleaner adapters to adapt 5 1/8" neck (4 or 2 bbl. carb) air cleaners to 3" and 2 5/8" 2 bbl. carburetor necks. Also includes two air cleaner risers that combine for three height adjustments, 1/2", 1" and 1 1/2" to help space air cleaner upward to clear throttle or transmission linkage.

Air Cleaner Adapter/Riser Kit.....**6411G**

## AIR CLEANER RISERS

### EXPRESS PRODUCTS

Air Cleaner Risers allow additional clearance between the carburetor and air cleaner for specialty carburetor linkage, competition carburetor return spring kits, and modified, larger than stock, fuel lines. Risers are available in a variety of height options for most high performance factory and aftermarket air cleaners.

Air cleaner risers are designed to fit 2 or 4 barrel and throttle body fuel-injected carburetors with 5-1/8" diameter inlet. Made from high impact plastic for precise fit, strength and durability. Available in 1/2", 1", 1 1/2" and 2" height.

5425▲

## BAFFLED BREATHER GROMMETS\*

### EXPRESS PRODUCTS

Mr. Gasket's baffled breather grommets are designed to virtually eliminate "oil breather blow by", a common problem encountered on non-baffled valve covers with push-on breathers. No tools are required for installation, as the baffled grommets simply replace the stock grommets. They are made to fit most valve covers that use 1.22" O.D. x 1" I.D. grommets: these will not work with stud girdles, as they extend 1 1/4" into the valve covers. Packaged 2 per set.

Baffled Breather Grommets - 2/set .....**5425**

# VALVE COVERS & DRESS-UP KITS

## ALUMINUM VALVE COVERS

### EXPRESS PRODUCTS

Mr. Gasket's aluminum valve covers are precision die cast for light weight and a perfect fit. Beautifully polished to a high luster, they are sure to enhance the appearance of any engine compartment.

They feature an extended sealing lip to positively locate and secure the gasket and stop it from moving under pressure to eliminate oil leaks.

The valve cover tops are a full .125" thick so they can be custom milled or engraved.

These valve covers are available with plain or ball-milled tops and include a 1 1/4" diameter breather hole, except where noted. Packaged two per set.

# OIL PANS

## LOW PROFILE OIL PANS

### EXPRESS PRODUCTS

Designed for most small and big block Chevrolet applications, the low profile sump design allows increased oil capacity without restricting ground clearance. Specially designed internal trap door baffling, combined with custom oil pump pick-ups, keep oil pressure fluctuation to a minimum. These oil pan measure 8 1/4" in depth from the top side rail to bottom sump, and feature beautiful chrome plating or bright orange paint finish.

Ideal for both street and racing applications, fitting both small block 1955-79 (with driver's side dipstick) and big block 1965-90 [Chevrolet engines/chassis combinations except 1962-67 Chevy II, Chevelles with steering linkage behind crossmember, and V-8 Monza/Vega. **Will not fit stroker engine applications.**

## TIRE PRESSURE GAUGE

The low pressure tire gauge is designed for the professional or weekend drag racer. The large, easy to read 2-1/2" round face dial is marked in 1/2 lb. increments and accurately measures tire pressures from 0-15 lbs. The flexible 12 inch durable PVC hose resists cracking and incorporates a 45° angle chuck with swivel end to provide easy attachment to valve stems in any position. Convenient bleed-off valve allows relief of excess pressure to "Fine Tune" tire pressures before each race.

Tire Pressure Gauge 0-15 lbs. .... **6267**

## WHEEL DUST SHIELDS

Designed to conceal rusty brake components and stop unsightly brake dust, these shields are ideal for use on most domestic and import cars with alloy or custom wheels. Universal in design, they are formed from a high quality, black aluminum, and can be painted to color coordinate with vehicle.

Wheel Dust Shields are available to fit most 14", 15" and 16" diameter wheels, and are packaged two per set. Will not fit front wheel drive applications.

Wheel Size	Wheel Lugs	Bolt Circle Range	Nominal O.D.	Part No.
14"	5	100mm/4" thru 4½"	12⅜"	<b>6904</b>
15"	5	4½" or 5"	13⅜"	<b>6905</b>
16"	5	4½" or 5"	14⅜"	<b>6906</b>

## CHROME WHEEL PLUGS

Mr. Gasket's Chrome Wheel Plugs are made to cover the unused bolt holes on dual bolt pattern wheels, such as Cragar's Supertrick II, Superslot II and most others. These chrome plated plastic plugs are easy to install as they simply snap into all standard 1/16" diameter lug nut holes. Packaged five per set.
